About flexyPage documentation

This document provides an overview of possibilities of what can be realised with the flexyPage system. It constitutes only a small part of the whole documentation and is undergoing continual improvement.

The documents, images, graphics and videos, as well as hard and software are protected by copyright. It is prohibited to copy or circulate this document without prior written consent. Translations do also require a written declaration of consent. The ELFIN GmbH is sole contact regarding copies, translations and similar concerns.

This documentation is continuously revised and updated with the greatest of care. Nevertheless, errors cannot be excluded. We are pleased to hear your comments, helpful references and suggestions about this documentation. Please contact our sales department or support for that.

The ELFIN GmbH will not accept any liability for errors or any potential damage and their consequences in conjunction with delivery or usage of this document.

Please carefully read the user manuals, product data sheets, safety instructions and mounting instructions before using!
The actual user manual as well as other documents and application cases can be found at the product website:

Dimensions flexyPage display

The touch sensor is designed and calibrated for use with a 6mm glass panel in front of the screen. If the display is installed behind an existing glass panel (e.g. glass tableau), the VSG glas panel shown on the drawings in this document is not needed.
Order No.: fel4B-05A-185B (display) Zbs1A-05A-185B-SGE (VSG glas) subject to modifications	Title Mechanical Drawing DM-Line 18,5 (47 cm) open frame touch with VSG glas		
	Drawing No.: v1120220622		
Tolerances +/- 0,5 mm	Scale:	Date: 2022-10-04	Drawn by: KMali

Accessory parts - Stainless steel frame for DM-Line 18,5 (47 cm) touch
